

SPECIAL EDUCATION, MASTER OF EDUCATION

Program Details

The Master of Education in Special Education requires a minimum of thirty (30-33) hours of graduate coursework. The degree affords the student a choice of three specialization areas: Assessment (Educational Diagnostician Certification), Instructional Specialist, and an Autism/Emotional Behavioral Disorder focus. A “certificate only” plan is also available for professional educators who have a Master’s Degree in special education or a closely related field and wish to seek TEA certification as an Educational Diagnostician. The capstone experience for the Master of Education in Special Education is the completion of one of two options:

- a Graduate Research Project in their EDSE 5301 Research in Spec Education course, or
- Thesis (which is an additional 6 hour requirement).

Additional coursework may be required depending on the option selected. All students, regardless of the capstone experience option chosen, will develop an e-portfolio that documents content proficiency. Candidates seeking certification as an Educational Diagnostician must request an application from the Educator Preparation Program during their first semester of graduate studies.

Prerequisites

Students who apply to the Masters of Education in Special Education program should have a broad base in one or more of the following areas:

- Special Education
- Education
- Child Growth and Development
- Curriculum and Instruction

Course Load

Normal course loads consist of 6-9 hours per semester with a minimum grade of “B” required for all courses. Only grades of “A” or “B” will be accepted toward this degree. Candidates for the Master of Education degree in Special Education must earn a minimum of 30 semester credit hours and maintain a minimum overall GPA of 3.0. Students must submit a comprehensive portfolio that follows the given template **during the semester of the completion of** coursework, as part of the requirements for graduation with the Master of Education degree in Special Education.
