Texas A&M University-San Antonio adheres to high standards of academic excellence and admits students in accordance with their level of academic preparation without regard to race, color, sex, age, religious commitment or national origin.

Applicants should answer questions on the admission application accurately. If the university grants a student admission on the basis of incorrect information or omitted facts, which, if known, would invalidate the applicant's eligibility, that student's admission is invalid. The completed application and supporting documents (i.e. official transcripts from ALL previous college and universities, and official transcripts showing high-school graduation, optional test scores: SAT or ACT) constitute the basis upon which the Office of Admissions determine eligibility for admission.

Applications will be processed after all required documentation has been received. An application is considered to be complete only when the Office of Admissions has received all required documentation, including completed application through [Applytexas.org](http://Applytexas.org), application fee, and official transcripts from all previous academic work. The Office of Admissions is implementing a test optional policy for the 2024-2025 academic year. Students are encouraged to submit test scores, but will not be a requirement to complete applications. Completed applications are processed in the order in which they are made complete. Applicants are typically informed of their admission decision within two to three weeks from the point of completion. Incomplete applications will not be processed and will be withdrawn by the university after the census date for the term. Admission decision processing turnaround times may vary as deadlines approach.

Information concerning all aspects of the admissions process will be mailed directly from:

San Antonio, TX 78224

Prospective students are strongly encouraged to apply early. *Students who do not enroll for the term in which they are admitted are required to reapply, must pay an additional application fee, may need to submit updated transcripts and will be re-evaluated to determine admissibility.*
